DID PETERSON SAVE COUNTY FOR PEOPLE, OR JOB FOR SELF?

EDITORIAL

With the plea to "save the county for the people," Frederick Peterson only a little more than a year ago successfully advocated a special charter election which unnecessarily cost San Mateo County taxpayers thousands of dollars.

Now it stands proven that he was not trying to save the county for the people. HE WAS TRYING TO SAVE A JOB FOR HIMSELF! And he didn't care what it cost the people.

His action in so doing was appallingly selfish. It is only necessary to recall the background of the charter amendment campaign to realize his brazenness.

Unsuccessful as a candidate for Congress, Mr. Peterson applied for the post of county manager when it was still appointive. But when he saw that the choice of a manager was to be based on qualifications and experience, and not on political pull and pressure, and he learned that he was not to get the job, he withdrew his application and announced that he would start a campaign to make the managership elective.

Mr. Peterson knew that he had failed to get his job on the basis of merit, and believed that perhaps in the field of politics he could win, for he was a veteran politician. He did win his first battle—at a cost of nearly $20,000 to the taxpayers—when the charter amendment carried at a special election at which only 27 per cent of the voters cast ballots.

Now this veteran campaigner, this man with much ability as a politician but whose own record in the field of business is such that he makes no boast whatever of it, is asking to become the head of the government of a county with more than 100,000 residents; a county government whose total business, including that of schools and special districts, is in the neighborhood of five million dollars annually.

We had one such unqualified county manager, and the sad, sad experience is not easily forgotten.

Now we have a chance to keep in office a man who has proved that he can fill the position of manager efficiently and economically. Ernest A. Rolison is that man. A vote for him on Tuesday will be a vote for good management of our county government.

"LOVE FINDS ANDY HARDY"

There comes a time in every young man's life when love finds him. In this scene from "Love Finds Andy Hardy," Dan Cupid seems to have taken straight aim. On the same program the Fox Sequoia will show a very pretentious opus of army life. Both pictures will play Sunday, Monday and Tuesday.

NEGOTIATIONS FOR BUTANO FOREST AT STANDSTILL; TERMS DISCLOSED

Negotiations for the purchase of a portion of Butano forest by San Mateo County will be renewed immediately after election, according to Winfield Scott, secretary of the Butano Forest State Park Association.

Scott said here that Dr. Ray Lyman Wilbur, president of Stanford University, one of the owners of the property, and H. H. Smith, chairman of the board of supervisors, have been in conference on the proposed purchase.

Supervisor Smith said that Dr. Wilbur had agreed to a tentative proposal whereby the county would pay $5000 this year from the land acquisition fund, and $15,000 next year, with additional payments over a period of years until the $280,000 purchase is completed or has been taken over by the state.

Meanwhile preparations were being made to conduct a tour of the forest lands for the especial benefit of Mrs. Timothy A. Hopkins, one of the controlling owners in the property.

According to Scott, copies of a "check cruise" made for Western Shore Lumber Co. and the Timothy Hopkins Estate in 1937 have been filed with the board of supervisors. It shows a total of 140,000,000 board feet of lumber standing in the 3140 acres offered to San Mateo County. Lumber value of the property has been figured at $280,000, price offered the county.

The check cruise was made by Fred A. Solinsky Jr., and confirmed previous cruises made by J. F. Lacy in 1905 and by Merriam & French for the state in 1933.

COUNTY SUPERVISORS AGAIN BACK CAMINO REAL WIDENING PROJECT

Widening of El Camino Real between Redwood City and the Santa Clara County line was advocated anew here in a resolution forwarded by the board of supervisors to the State Highway Commission. The board urged that the commission include in its budget for the next biennium sufficient money for the project.

The resolution listed five reasons:

1. El Camino has been widened to Redwood City and the narrow portion from Redwood City south constitutes a hazard.

2. In each biennium during the last 10 years repeated assurances have been given that the improvement would be made, and that based on such assurances, a setback line has been maintained for 12 years by ordinances of the municipalities through which the highway passes.

3. The setback line has retarded development of valuable business property.

4. As the southern part of the county increases in population, property values are going up and purchase of necessary rights-of-way now will be less burdensome than it will be in the future.

5. Property owners were assessed 10 years ago for concrete shoulders on the road, adequate for all local traffic. The need now is to provide for through traffic.

A similar resolution was passed by the Redwood City City Council Monday night. Other councils and chambers of commerce are to be asked to support the widening project in similar manner.

Charles H. Beach Passes at Age 82

Charles Henry Beach of 25 Bonita Ave., Redwood City, a resident of this city for the past 16 years, passed away Wednesday at a San Mateo hospital at the age of 82.

Mr. Beach, who had been retired for the past 14 years, formerly was a watchman. He was a native of Brickton, Ill., now a part of Chicago.

VOTE FOR PHILIP BANCROFT!

Republicans of Menlo Park are urged to vote for Philip Bancroft for U. S. Senator. His principal opponent is Ray L. Riley, the chronic office seeker, who has no qualifications for the position. Riley would be a misfit in the Senate. Vote for Mr. Bancroft and assist in placing an able and talented statesman in the upper house of Congress.

Mr. Bancroft, the Republican candidate, is highly fitted for the exalted position to which he aspires. He is capable, honest and has a good knowledge of governmental affairs and would be a big asset to California at Washington.

Mr. Bancroft is a genuine Californian, knows the state's wants, knows what the people desire and, if elected, will be a live representative at the capitol for the Pacific Coast.

ELECT JACK ANDERSON

Elect Jack Anderson to Congress from the Eighth District and the citizens will have a man at Washington who will battle for the state's best interests. Anderson will be no "yes" man—he will have a mind of his own. He will do what he believes best for his constituents. Mr. Anderson is an able young man and will do much for the state if elected. He will be no Charley McCarthy in Congress. He will do his own thinking and talking.

MERRIAM ON HIS RECORD

Governor Frank Merriam in seeking re-election goes before the people on his record of economy, efficiency, ability and honesty. Mr. Merriam has given the people of California a splendid administration. He has been fair in his appointments, has kept his faith with the taxpayers, has balanced the budget and has placed the state at the head of the list as the best governed of any in the union. California tops the list as the one state free of debt.

Mr. Merriam deserves re-election at the hands of the voters. A vote therefore is a vote for economy and good government. His plurality in San Mateo County will be overwhelming.

CHINESE CHILD, WHITE PARENTS MOVE TO HOME IN SAN FRANCISCO

MENLO PARK, Aug. 22—With her brand new mother and father, 3-year-old Rowena Buttenwieser, who used to be Rowena Chan, went back to San Francisco over the week-end, but not to Chinatown, where she used to live.

The child, who was adopted in the Redwood City superior court of Judge Maxwell McNutt, will live on Telegraph Hill with her legal mother and father, Mr. and Mrs. Paul Buttenwieser. They have been spending the Summer in their cottage in Menlo Park. The little girl has been with them now for several months, and whereas she knew principally Cantonese when they took her, she now speaks English quite well for a 3-year-old.

Rowena's real father and mother, Mr. and Mrs. Harold Chan, he a six-foot Cantonese, she a flower-like San Francisco girl, both natives of America, gave up their baby to return to China.

The Buttenwiesers both have been connected with Stanford University, he, until he resigned to work with the Pacific Coast Labor Bureau, as research assistant in the psychology department, she as an office assistant.

"We are going to give the child the best education possible," Mrs. Buttenwieser said as they packed to leave. "I have so many dreams for her. I would like to have her become a doctor."

When they adopted the baby in Judge McNutt's court over protests of the State Department of Social Welfare on Aug. 11, the white couple professed deep love for the bright-eyed little girl.

Judge McNutt granted the adoption plea with the explanation he had no other course under the law.

Miller Sausage Products Sold Now in County

The Miller Parking Co., leading meat and sausage packers of Oakland, are now distributing their products on the Peninsula. Peninsula families will find that Miller sausage varieties are made of choice meats and finest spices.

The Miller Packing Company has recently opened a new modern plant which will enable them to give quick service to their thousands of dealers.

This company started in 1910 under the guidance of Bendix Miller, who had received a thorough schooling in sausage making before coming to Oakland.

From that time there has been a steady growth in production, but the firm has grown especially fast during the past three years.

Two years ago they went into the fresh meat business so that their line now includes fresh beef, pork and hams, as well as all sausage varieties, such as wieniers, pork sausage, mettwurst, liverwurst, salami, bologna, luncheon loaves.

Roscoe Wyatt Unhurt In S. M. Collision

Roscoe D. Wyatt, secretary-manager of the Redwood City Chamber of Commerce, emerged unscathed Tuesday afternoon from a collision in San Mateo. The automobile driven by Wyatt and the car of Lewis Brown III crashed together at Baldwin Ave. and San Mateo Dr. Brown also escaped injury. He was cited by police at 1:30 a.m. today, however, after an officer saw him drive his car onto the sidewalk in front of the Benjamin Franklin Hotel to discharge several friends.

Underpass Is Blocked Again

SOUTH SAN FRANCISCO, Aug. 22—The underpass just south of here on Bayshore Hwy. was blocked for four hours early today when a truck and trailer driven by a Redwood City man, Charles Quan, Selby Lane, turned over at 12:45 o'clock this morning.

Police said that apparently Quan, driving south, fell asleep. The truck's right wheels ran onto the pedestrian lane and turned over. The trailer was flipped around like the end of a whip, and ended up side down in the underpass.

Quan was only shaken up.

It was the second time in nine days that a lane of the underpass had been blocked by a smash-up, three youths having narrowly escaped death when their machine hit the center structure of the south end a week ago Saturday.

In another accident on the Bayshore, near Mills Field, three Filipino janitors were injured yesterday. Their car went out of control and turned over. Hurt were the driver, Benny Pajardo, 27, who suffered cuts and bruises; Peter del Pilar, 30, who incurred a concussion of the brain and facial lacerations, and Domingo Pablo, 34, who was bruised.

Monterey County Boosts Tax Rate

SALINAS, Aug. 22—Supervisorial Board Chairman A. B. Jacobsen said today a tax rate of $1.18, representing a 14-cent increase over last year, would be set at the Sept. 1 meeting, as the result of the adoption of a budget of $1,839,526 for Monterey County for the coming fiscal year. Last year the tax rate was $1.04.

AEF Association Sets Meeting at Belmont

San Francisco branch of the Second Division, AEF, Association will hold its next meeting at 7 p.m. Sept. 10 at Pat O'Neill's in Belmont, in an effort to bring to the regular monthly business meeting those members of the association who live on the Peninsula and find it impossible to attend San Francisco meetings.

E. P. Smith, national publicity chairman of the association, will be the principal speaker, discussing plans for the annual conclave to be held in conjunction with the National American Legion convention in Los Angeles this year.

J. M. Foulks, El Vanada Rd., Emerald Lake, is handling reservations for the Sept. 10 meeting. He asked all those planning to attend to make arrangements with him.

Annual Shrine Jinx Planned for Grove

Shriners from all over California will join the Islam Temple Ukaz, the annual Shrine hi-jinks, at Shrine Grove next Sunday, it was announced today. Arrangements are being made to handle more than 2000 members of the mystic order.

According to Potentate Al J. Gock, the program will be highlighted by a vaudeville show, athletic events, and music and drills by the San Francisco Shrine band.

Polls will be open from 6 a.m. to 7 p.m.

Frank Fuller Seeks Another New Record

Frank W. Fuller Jr. of Hillsborough may achieve something Sept. 3 never before accomplished by any one man—winning of the Bendix transcontinental airplane race two years in succession.

Fuller won last year's cross-country race in 9 hours 35 minutes, and expects to better the time this year. Never has the race been won twice by the same person.

Competing with the pick of the nation's long distance fliers, Fuller will take off from Los Angeles Union Air Terminal early in the morning of the day of the race. He will refuel at Kansas City, make a 15-minute mandatory stop at Cleveland and continue to Newark airport.

Fuller will carry with him scrolls of greetings from the exposition. Gov. Frank F. Merriam of California and Mayor Angelo J. Rossi of San Francisco. The scrolls will be presented to Gov. Martin L. Davey of Ohio, Mayor Harold H. Burton of Cleveland and Pres. L. W. Greve of the National Air Races at a ceremony in front of the air race crowds at Cleveland on Sunday afternoon, Sept. 4.

Fuller will fly the same airplane—Seversky Executive—which he flew to win the Bendix air race last year.

The New Zealand government has approved construction of a railway tunnel 5½ miles through the Rimutaka Range at a cost of $4,937,500.

MENLO PARK NEWS NOTES

John Welsh, son of Mr. and Mrs. J. B. Welsh, will enter Santa Clara University when it opens next month. Young Welsh was graduated from Menlo Junior College last June. His father holds a degree from Santa Clara.

Mrs. George Angus, George Angus Jr. and his young son and Mrs. Nancy Andrews and Mary Carter went up to Treasure Island this week to witness the ground breaking for the Christian Science Building. The party was greeted by governor Frank F. Merriam, who spoke at the ceremony.

Miss Ruth Johnson, the young daughter of Mr. and Mrs. F. W. Johnson, was united in marriage Saturday afternoon last in the Presbyterian Church by the Rev. W .L. Staub, the pastor, to Mr. William Bonham of Palo Alto. Mr. and Mrs. Ivar Morris of Oakland, brother-in-law and sister of the bridegroom, were the attendants. After the ceremony a reception was held at the home of the bride's parents. The young couple will reside in Palo Alto, where both are well-known and popular.

Mrs. Delia Roche Briggs was interred in Holy Cross Cemetery Tuesday afternoon. The remains arrived from Hollister and were met at the cemetery by the Rev. Father Thomas McKeon, who performed the committal ceremony. Mrs. Briggs passed away suddenly while her husband was away on a hunting trip. The funeral did not take place until his arrival home, two weeks after the demise of Mrs. Briggs. Mrs. Briggs was born in Menlo Park, attending the local school and being graduated from the state normal school at San Jose. Her first assignment after receiving her certificate was at Bellevale Grammar School. After marrying Mr. Briggs, she moved to Hollister and there began teaching in a local school, and up to a few months ago was principal of the institution. Mrs. Briggs was the sister of the late Miss Margaret Roche, who was the vice-principal of the Redwood City Grammar School for many years. The deceased was the daughter of the late David Roche, a Menlo Park pioneer.

Menlo Park American Legion Post 443 and its auxiliary unit held joint installation of officers in the Central School Auditorium Tuesday night.

Commander Lee Williams of the 26th district, assisted by the 40 and 8 degree team, installed the post officers, while President Jessie Zant of 26th district was assisted by the ladies of the San Mateo County drill team.

The following were installed for the auxiliary: Marguerite Blanchard, president; Irene Boone, first vice-president; Mayme Bartges, second vice-president; Hannah Johnson, chaplain; Gertrude Ellis, sergeant-at-arms; Mildred Anthony, marshal; Eleanor Whitney, treasurer; Clarissa Ross, secretary; Dora Devol, Elizabeth Lyon, Margaret Gale, executive committee; Mrs. Loren Ross, past president.

Post officers are as follows: Frank Ellis, commander; Floyd McClure, first vice-commander; Martin Johnson, second vice-commander; L. Bullis, sergeant-at-arms; A. Anthony, chaplain; B. Larrecou, finance officer; B. Underhill, historian.

Isabelle Weeden Lindquist, musician for Menlo Park unit, acted as musician for both degree teams.

Elizabeth Lyon was chairman for the unit and Morton Cook for the post.

Refreshments were served at the Legion Hall on Oak Grove Ave. following the ceremonies at the school.

Prior to the installation, the Juniors held a meeting with First Vice-President Edith Sellis presiding. The junior sergeant-at-arms, Emma Lindquist, and Junior Marshal Elizabeth Ellis participated in the mass advancing of colors.

The show given by Dr. J. C. McGovern at the Veterans' Administration Facility last Friday was enjoyed by the patients very much. Besides a 10-piece orchestra, there were dance, accordion, piano and monologue numbers. The mind reading act was as clever a bit of comedy as could be asked for.

Tuesday evening, Aug. 16, Menlo Parlor Native Daughters of the Golden West held installation of officers and also initiated four candidates.

Deputy Grand President Mrs. Bernard Bernasque of Redwood City and her corps of officers installed the following officers: Mrs. Lloyd Ryan, past president; Mrs. John Murray, president; Victorine Boetto, first vice-president; Mrs. John Doyle, second vice-president; Mrs. Jack Fisher, marshal; Mrs. Frances Maloney, recording secretary; Mrs. Joseph Loverich, financial secretary; Mrs. Catherine Derry, treasurer; Miss Norma Guglielmoni, organist; Mrs. Laura Bartels, inside sentinel; Mrs. Jay Alexander, outside sentinel; Mrs. Hester Leach, Miss Eloise Rathje and Mrs. Marie Maloney, trustees.

The following were initiated: Mrs. Edna Crane Burchfield, Mrs. June Callaghan, Mrs. Ethel Morton Hara and Mrs. Ethel Riazza.

Gifts were presented Redwood City officers by Mrs. Bernasque and Menlo Parlor presented gifts to Deputy Bernasque and also to Supervising District Deputy of San Mateo County Elinor Foley of South San Francisco. Visitors were present from Castro, Bonita, Palo Alto and San Bruno parlors. A supper was served afterward at tables decorated with asters and ferns.

Farmers' co-operative associations report the addition of more than a half million members in the last 10 years.

EFFECTIVENESS OF ROLISON'S PROGRESSIVE IDEAS SHOWN

[EDITORIAL]

Effectiveness of San Mateo County's new streamlined government with its precision accounting, elimination of waste and extravagance, and use of system in the county's business, surely was demonstrated to the satisfaction of everybody last Tuesday.

Ernest A. Rolison showed that as county manager he could give the people what they want and at the same time cut down the taxpayers' bill.

He retained in the 1938-39 county budget all of the items which had been considered necessary—courthouse annex construction, Butano and Coyote Point purchases, WPA co-operation funds to assure jobs for the unemployed, weed abatement funds, advertising, World's Fair participation, social service, the latter item alone amounting to $140,000 more than last year. Yet he pointed the way to a tax reduction of 1.2 cents on the $100 valuation for the coming year—11½ cents reduction over the tentative budget announced just 12 days ago.

Figured in dollars and cents, this means that MANAGER ROLISON HAS ACTUALLY SAVED TAXPAYERS $120,000 THIS COMING YEAR over what might have been spent had not his service division, his quantity purchasing system, his modern bookkeeping methods been in effect. The saving is approximately $13,000 for the taxpayers over their bill of last year—more than twice the amount of his salary!

These savings were accomplished by economies effected in the purchase of commodities and supplies, in use of funds which otherwise might have laid idle, in consolidation of jobs, in elimination of waste.

Again yesterday Mr. Rolison pointed the way to a further reduction in the tax rate, at the same time including funds for health clinics.

However, these miracle-like achievements are nothing unusual for Ernest A. Rolison. A glance at his record shows that HE HAS CONSISTENTLY CUT TAXES WITHOUT SACRIFICING PROGRESS.

In Redding, his achievements, as described by the Redding Courier Free Press when he left after 10 years' service as engineer and manager, were as follows:

"Backed by a progressive board of trustees, City Manager Rolison cleared the city of debt, made Redding one of the best paved towns of its class in the state, solved the sewage disposal problem with the purchase of the city farm, brought the fire department to far above par for a city of the sixth class, installed a street lighting system that is the pride of the north, and provided a city park that in a few years will be a monument to his foresight.

"ALL THIS WAS DONE WHILE TAXES WERE STEADILY REDUCED. DURING THE LAST YEAR THE RATE WAS REDUCED FROM $1.45 TO $1."

In Redwood City, as progressive a town as may be found, Mr. Rolison's tax rate record showed a consistent reduction, as follows:

1928-29	$1.40
1929-30	1.39
1930-31	1.30
1931-32	1.30
1932-33	1.10
1933-34	1.10
1934-35	1.05

San Mateo County has seen the start of a new era of PROGRESS WITH ECONOMY. Continuance of this era will be assured with retention of Ernest A. Rolison by the citizens when they vote next Tuesday.

Name Wins Fortune For San Mateo Baby

The old question, "What's in a name?" had an answer today in the name of 1-year-old Michael Hanlon, son of Mr. and Mrs. Frank S. Hanlon, 377 Edgewood Rd., San Mateo. Because Michael was named for a great uncle, he will inherit a comfortable fortune about 24 years hence.

By the will of his great aunt, Mrs. Annie E. Hyland, who died in San Francisco May 3, Michael becomes the ultimate heir to two-thirds of her estate, appraised at $174,777. His mother, one of nine nieces, inherits the other one-third outright.

The baby's fortune, under terms of the will, is to be held in trust for him until he is 25. Income from one-third of the estate will go to Walter Jamieson of Ukiah, Mrs. Hyland's brother, and income from the other to Mrs. Mabel Ward of Los Gatos, her sister.

P. G. & E. Signs Up With Employe Union

Recognizing the California Gas & Electric Employes Union as sole bargaining agent for all office workers, the Pacific Gas & Electric Co. has signed an agreement with the independent union for a period of one year, it was announded in Sacramento by Gordon T. Jones, the union president.

The agreement automatically renews itself from year to year unless either party gives notice of desire to cancel 90 days prior to any expiration date. The contract provides that changes and additions may be made at any time by mutual consent.

Union Agreement With Plant Renewed

Owners of the Plant Rubber and Asbestos Works and employes, members of the International Longshoremen and Warehousemen's Union, Local 16, Redwood City Branch, have reached accord on a new agreement including the 70-cents-an-hour minimum and one week's vacation with pay, the union reported here.

The workers met before negotiations opened and agreed on their demands. After their parley, owners and members of the union came together and agreed to the ILW demands. The agreement will run to Sept. 1, 1939, succeeding the agreement which has been in effect during the past year.

45-Cent Tax Rate Foreseen in M. P.

MENLO PARK, Aug. 24—Preliminary 1938-39 budget figures for Menlo Park provide for a retention of the present 45-cent basic tax rate, but whether the city council can maintain this rate in the face of organized support for the inclusion of a $250 advertising fund will be determined next Monday night.

At that time the budget is programmed for public hearing and adoption, and it was evident from last night's city council meeting, wherein the 1938-39 budget ordinance was introduced, that some sort of battle will be waged then by interested groups to obtain the advertising appropriation.

Last night's session was a busy one. The council among other things heard the second reading of an ordinance arranging for a Sept. 13 election on the proposed $15,000 city hall bond and accepted the $30,750.05 bid of the W. O. Tyson Co. of Redwood City for the central street improvement program known as 37-1.

Both projects are dependent upon federal grants from WPA and PWA.

Two voting places were provided in the bond election ordinance. They will be the city hall and probably the Fremont School.

150 Hear Concert On Sequoia Campus

One hundred fifty persons enjoyed the afternoon, outdoor concert presented Sunday on the Sequoia High School Campus by the Westbay Concert Ensemble, under auspices of the city recreation department.

H. V. De Armond, chief of the recreation bureau, expressed himself as pleased with the turnout and with the fine showing made by the musicians who participated and donated their services.

He credited Brier McNeil and Miss Kathleen McNeil with much of the success of the concert ensemble, praising their work in furthering activities of the group.

Mr. De Armond said that the city-sponsored concerts will be continued as long as the weather permits. Another is scheduled on the high school campus Sunday afternoon, Sept. 4.

More than 25,976 jobs have been supplied 13,145 students through the employment bureau at the University of Michigan since 1927.

The annual foreign trade of the United States is more than $3,000,000,000.

There are 470,190 Smiths on the Social Security rolls; 348,530 Johnsons; and 253,750 Browns.

Perussina Circulates Petition To Keep Job

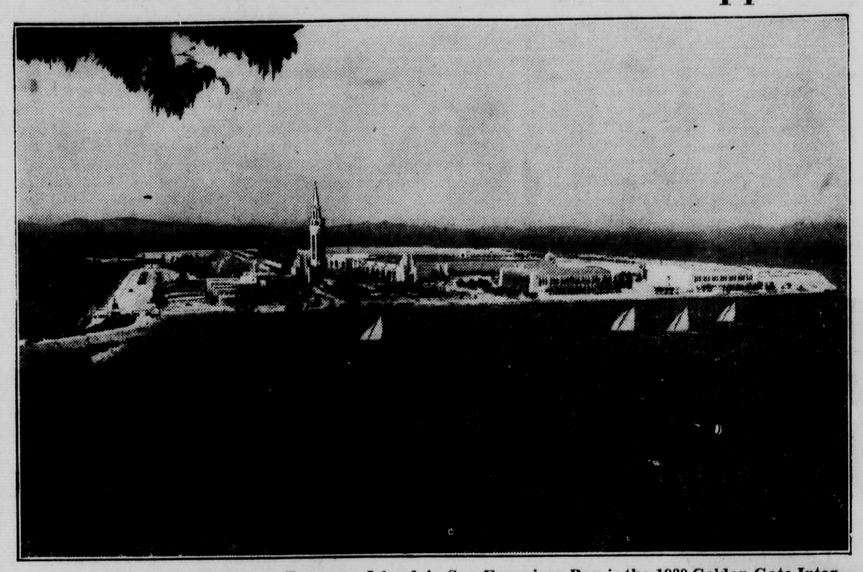

Paul Perussina, suspended State Highway Patrol captain, intends to fight the charges pending against him before the State Personnel Board with a petition, it was learned here. The petition, now being circulated, asks that the captain be returned to his position as head of the San Mateo County patrol unit.

Extension Accorded Captain Perussina

An extension until Aug. 29 to file his answer to charges against him has been granted Paul Perussina, of Burlingame, suspended highway patrol captain, according to press reports from Sacramento.

The federal mint was established in 1792.

World's Fair Millions to See China Clippers

Fast nearing completion on Treasure Island in San Francisco Bay is the 1939 Golden Gate International Exposition, as seen in this new picture taken from adjoining Yerba Buena Island. Here in the harbor where sailboats now play, Exposition visitors will see giant Pan-American Clippers arriving and departing on trans-Pacific flights.

Brazil exceeds the size of continental U. S., excluding Alaska, by 250,000 square miles.

In practically one-sixth of the urban families in this country the only wage earners are women.

A sledge team of five Eskimo dogs can travel 60 miles a day for several days.

Martin D. Scrivner, R. C. Resident, Dies

Martin D. Scrivner, a resident of Redwood City for the past six years, passed away at 7 o'clock Tuesday in St. Joseph's Hospital, where he had been ill for several days.

Mr. Scrivner was department manager for the Liggett & Myers Tobacco Co. in San Francisco. He had been with that firm for 20 years. He was born in Gallatin Co., Ky., 63 years ago.

Left to mourn his passing are his wife, Blanche Anne Scrivner; two daughters, Catherine and Mary Dee Scrivner, and a sister, Miss Kate Louisa Scrivner of Grandview, Mo. The family home in Redwood City is at 478 Avenue del Ora.

Mr. Scrivner was a member of East Gate Lodge 630, A.F. & A.M., Kansas City.

Arkansas is the foremost source of aluminum in the U. S.

A large proportion of overweight people between the ages of 30 and 65, hitherto diagnosed and treated as diabetics, can be cured by weight control, according to studies made at the University of Michigan Hospital.

Carnation-growing, an important industry, has suffered $25,000 loss from activities of a hitherto unknown beetle this year, in South Africa.

Oak trees are more numerous in the United States than in Europe.

RE-ELECT

DR. J. C.

McGovern

He Has Made a Clean Campaign

We, the undersigned, take this means of expressing our personal endorsement of Dr. J. C. McGovern, for the office of County Coroner and Public Administrator.

In signing this document, we wish to recognize:

(1) Dr. McGovern's excellent record while in the office of Coroner-Public Administrator.

(2) His long record of meritorius, unselfish public service.

(3) His good character, which has gained much and has lost nothing by the politically-inspired attempts to black it in this contest.

(4) His own clean campaign to win re-election to the office for which he was chosen by the people when they last voted for Coroner-Public Administrator.

SIGNED:

Courses in Banking Set at Sequoia High

The board of governors of Peninsula Chapter, American Institute of Banking, met Monday in Palo Alto with representatives from each Peninsula bank to formulate an educational program for the year.

As a result, a night course in bank management was scheduled to start Sept. 19 at Redwood City's Sequoia High School, under leadership of Perry A. Bygdnes of the Redwood City Branch, Bank of America. On Sept. 20 a course in negotiable instruments will start at Sequoia under Francis Whitmer of the San Jose American Trust Co. branch.

Blakeley Installed As Post Commander

Andrew B. Blakely, 1425 Whipple Ave., newly-elected commander of Redwood City Post 105. American Legion, and his corps of officers for the coming year were installed Monday at the Veterans' Hall, Warren and Standish Sts.

The drill team of the District Voiture, 40 and 8, installed the new officers. Blakely succeeds Roger Walsh as leader of Post 105.

The annual cost of medical care for all people in the U. S. is estimated at $3,577,000,000 and the wage loss from illness at $1,000,000,000.

Judge Speaks To New Group

Redwood City's new Bicycle Safety Club, formed here under sponsorship of the Veterans of Foreign Wars, had a potential membership of 47 today, following installation of officers Saturday night and making of plans for activities of the organization. That number of applications for membership has been received.

Awarded first prize for bringing in the most applications was Cecil Wells, the club's police captain. Young Wells brought in 10 applications. He received the $2.50 cash prize. Hank James won second prize, a bicycle lamp, and Sam Robbins, third prize, a horn.

Installed at ceremonies in the Veterans' Hall were Dick Thorn, president; Ed Green, vice president; Bob Booth, secretary; Stanley Marshall, treasurer; Sammie Robbins, cycle judge; Harold Robbins, prosecuting attorney; Hank James, defense attorney; Cecil Wells, police captain; Ed Jennings, sergeant, and Clifton Riley and Bud Sheets, patrolmen. Young Riley is ill, so his place was taken in the ceremonies by Donald Thorn.

Judge Edward I. McAuliffe addressed the group of youngsters and parents.

Joe S. Farr gave the obligation to new members, a dozen of whom were initiated at the session.

The evening program was concluded with the serving of refreshments of ice cream and cake by Post 2310, VFW, and its ladies' auxiliary.

The afternoon parade, composed of more than 50 bike riders of all ages and led by a quartet of Veterans of Foreign Wars flag-bearers, was given a police escort from the Broadway-Arguello intersection down Broadway to Main St., up Main St. to Middlefield Rd., and along Middlefield to Central School grounds, where the entourage assembled for the judging and awarding of prizes.

Spectators gathered all along the path of the parade, to watch the riders on bicycles bedecked in all shades and amounts of crepe paper. Two bicycles-built-for-two and one old high-wheeler added to the variety.

Winners of the prizes, awarded by Wayne R. Millington, one of the judges, after decision by Dr. A. J. Fromm, J. A. Buhler and himself, were:

L. E. Waterman devised the first fountain pen in 1884.

KNOW THE MAN WHO IS QUALIFIED!

Circular Tells of Rolison's Record of Public Service

How County Manager Ernest A. Rolison has been regarded in the places he has been employed in public service, and how he is still thought of, are detailed in a circular being distributed throughout the county by the Rolison-for-County-Manager Club, of which Sam D. Merk of San Mateo is president and Maj. Henry W. Edmonds, Redwood City, secretary.

Titled "Know the Man Who Is Qualified!" the circular lists the following comments on Rolison, covering the entire period of his public service from the time he became manager-engineer of the City of Redding in 1916 until the present:

REDDING COURIER FREE PRESS, in August, 1926:

"Backed by a progressive board of trustees, City Manager Rolison cleared the city of debt, made Redding one of the best paved towns in its class in the state, solved the sewage disposal problem, with the purchase of city farms, brought the fire department far above par for a city of the sixth class, installed a street lighting system that is the pride of the north and provided a city park that in a few years more will be a monument to his forsight.

All this was done while taxes were steadily reduced. During last year the rate was reduced from $1.45 to $1.

SANTA BARBARA MORNING PRESS, in 1926, stated:

"Mr. Rolison is a quiet appearing, courteous gentleman, who has a record that is very creditable. . . . He also impressed us as a man used to carrying his own responsibilities and amply able to make his own decisions."

REDWOOD CITY TRIBUNE, in 1935, upon Mr. Rolison's resignation to become principal engineer for REA:

"Mr. Rolison possesses the right will stand for what he believes amount of grit for an executive. He is easy to get along with and meets anyone half way. But he cannot be imposed upon and to be right in the face of any threat."

SAN MATEO TIMES, in 1937, viewed Mr. Rolison somewhat as a savior for county government and spoke editorially:

". . . A man of known executive ability and independence, thoroughly capable of managing the county's affairs without political interference. . . . A man thoroughly acquainted with the problems of government."

(NOTE: Mr. Rolison's consolidation of purchasing department with the executive office, and establishing a quantity purchasiny system that will net the county a neat saving of about $40,000 annually, has proved the Times' point. But his system of competitive bidding also makes printing contracts subject to the lowest bid and not to political pull and pressure. Consequently the Times now is opposing Mr. Rolison).

BURLINGAME ADVANCE, 1938:

"We know what can be done when Ernest A. Rolison is in the managership. We have seen harmony come to reign in the county government. We have seen efficiency substituted for waste. We have seen order succeed chaos. We have seen economy become the watchword instead of extravagance. We have seen system replace haphazard methods."

REDWOOD CITY STANDARD, 1938:

"E. A. Rolison, present county executive, has proven in his short stay in this important office that he KNOWS HOW. He is a man of proven ability and has started on a business-like method of conducting the largest business in which we are interested."

EARL LEE KELLY, State Director of Public Works, written when he was a councilman of Redding, July 1926, to the City Council of Santa Barbara:

"Mr. Rolison is an industrious, efficient, and capable man in whom you can, with the utmost confidence, rely."

ALBERT GIVAN, former secretary of the State Board of Registration for Civil Engineers, July, 1926: To the City Council of Santa Barbara:

". . . His success as city manager of Redding has distinguished him as a very efficient engineer and a capable administrator."

H. A. ADRAIN, mayor of Santa Barbara during 1927:

"The council has fully supported him during the entire time of his services as have both newspapers. He has discharged every duty of his office in a very creditable manner. He is energetic, fearless and well equipped for his work."

FRED D. JACKSON, President of the Board of Park Commissioners of Santa Barbara, 1927:

"The city has saved much more than the amount paid him. He is an enthusiast in his work, and I feel that any city that acquires his services is to be congratulated."

PAUL A. McCARTHY, former mayor of Redwood City, in 1932:

"He has exercised excellent technical supervision of engineering activities, has prudently administered the finances of the city, has satisfied the citizens, as well as the members of the council, as a public relations officer and purchasing agent."

JOHN M. CARMODY, Administrator, Rural Electrification Administration, Washington, D. C., in 1937 when learning of Mr. Rolison's resignation to take up his present post of county executive wrote:

"I hope the fact that you have participated in the development of the of the rural electrification program almost from the beginning will mean that you will continue your interest in it. The final word has not been said so far as the technical developments in that field are concerned. We should be glad to have from time to time the benefit of your thinking and your observations along these lines."

SOUTH SAN FRANCISCO ENTERPRISE, 1938:

"Born in California and being a resident of San Mateo County for the past nine years, Mr. Rolison has every qualification necessary to fill the job. His ability to get votes, however, is an unknown quantity, for the necessity to do so has never arisen during his career, for he is a business manager and not a politician. This very fact may prove his undoing unless voters recognize the importance of continuing the next four years as efficiently and smoothly as the county's business has been administered since June 22, 1937, when he took office."

Hawaii Ex-Governor Plans To Wed Here

Former Gov. Lawrence McCully Judd of Hawaii is expected to visit the county clerk's office Saturday with his prospective bride, Eva Marie Lillibridge, 25, of Hutchinson, Kas., to secure their marriage license.

Notice of their intention to marry was filed by Miss Lillibridge Tuesday afternoon. She presented a marriage application blank signed by Judd in Hawaii and mailed to her. His signature was notarized.

Texas has almost a world monopoly on helium gas and sulphur.

St. Joseph's Plans Homecoming Day

The Homecoming Field Day, sponsored by the Men's Club of St. Joseph's, will be held next Saturday at the St. Joseph's school ground in Menlo Park. All graduates of the school as well as their friends are invited.

A large gathering is expected and it is anticipated that many schoolday friendships will be renewed. The event will last from 2 till 5 p.m.

EXCHANGE HEARS MEMBERS

Redwood City Exchange Club members Tuesday heard autobiographies given by four of their members who are celebrating birthdays this month. Under chairmanship of Ernest Hoffman, brief sketches of their own lives were given by A. R. Boyer, James C. Dodge, Edmund Scott and James M. Eva.

Mrs. Etta Belasco Is Taken by Death

Funeral services were held in San Francisco Wednesday for Mrs. Etta Belasco of 60 Avondale Ave., Redwood City, who passed away in French Hospital, San Francisco, Monday.

Mrs. Belasco, who was 56, had lived in Redwood City for 14 years. She was the mother of David and Benjamin Belasco and Mrs. Jessie Walker of Redwood City. Her husband was the late Samuel Belasco.

The rites were held from Sinai Memorial Chapel. Interment took place at Eternal Home Cemetery.

More New Addresses Listed at City Hall

New addresses listed at the city hall are: J. F. Beane, 62 Clinton St.; F. M. Brown, 1120 Arguello St.; Magner White, Springdale Way; Shirley Davis, Lakeview Way; J. Arlotti, 430 Cedar St., and Harry Palmer, Vista Dr.

State Sales Tax on All Taxable Items We Reserve the Rignt to Limit Quantities

Purse Picker Admits Rockford, Ill., Crime

Mrs. Julia Wilson, alleged purse-picker, has admitted to South San Francisco Police Chief Louis Belloni and to Dep. Dist. Atty. Louis B. Dematteis that she is the "Ann Baker" wanted in Rockford, Ill., for jumping $5000 bail in April, 1937.

She admitted that she had been convicted by a jury of grand larceny for stealing a $10 dress and a pair of pajamas, and had been sentenced to 1 to 10 years in the penitentiary, the officials said. She escaped while free on bond pending appeal to the supreme court.

She was arrested at Baden Kennel Club Friday night with Mrs. Marie Gray, alias Dorothy York, for picking $3 from a woman's purse.

McGrath To Continue 'Rubber Stamp' Plan

BURLINGAME, Aug. 23—While nearly 200 supporters and friends applauded, Congressman John J. McGrath last night pledged to continue to support President Roosevelt's policies, "even if I am called a 'rubber stamp man.'"

Other speakers at the banquet were Superior Judge Maurice T. Dooling of San Benito County; Andrew Hynding, South San Francisco real estate man and former councilman there, and Chauncey Tramutolo, San Francisco attorney.

Louis Pasteur was very near-sighted.

William CROSBY

CORONER

and PUBLIC ADMINISTRATOR

Coroner Crosby Praises Loyalty of His Deputies

Two days after I became Coroner of San Mateo County, I called in every funeral director in San Mateo County and appointed each one of them and their respective staffs Deputy Coroners.

The list of funeral directors I appointed as my deputies at that time, and who are still serving under me as my deputies is as follows:

W. C. Lasswell & Co., Daly City
Ida May Lasswell, Luella Pepper

S. Nieri & Co., South San Francisco
Silvio Nieri, Warren Mooney

Frank Wyckoff, Burlingame
Frank Wyckoff

George Sneider Co., San Mateo
Emil Alber, Robert E. Alber

Err Patterson, San Mateo
Err Patterson (later appointment)

Layng & Tinney, Redwood City
John Layng, Francis Tinney, Floyd Leaver

Franklin, Martine & Crowe, Redwood City
Lewis E. Franklin
George Martine (later appointment)

Dutra's Funeral Home, Half Moon Bay
Aubrey Thompson

Nauman & Muzio, South San Francisco
William Muzio (later appointment)

William Crosby & Company, Burlingame
Daniel J. O'Connell, Glenn Chapman

Most of these deputies had served under my predecessor. Of this number there was a minority group which was openly antagonistic to me, and resented my taking charge of the office. I was aware of this situation, but despite their attitude, I deputized them, although I would have been within my legal rights if I had refused to re-appoint them. Instead, I offered them the warm hand of friendship and invited them to co-operate with me and the other deputies in conducting the Coroner's office to the best interests of the general public and not for the private benefit of a few who would commercialize the office.

Time and association with my deputies soon brought to me the happy realization that the overwhelming majority of them were anxious to co-operate. I am deeply grateful for their fine co-operation and their loyalty.

They have been good, upstanding citizens and public officials whose sincerity of purpose has been best reflected in their efforts during my term of office to co-operate with me in making the Coroner's office a public agency dedicated to serve the general public tactfully, sympathetically and efficiently. I am truly thankful for their services, the public spirit they have shown in office, and their unselfishness.

(Signed) WILLIAM F. CROSBY,
Coroner and Public Administrator.

Message of County's 'Streamlining' Is Carried All Over West

Record Cited By Hendricks

Soliciting votes strictly on his record and merit—

That is W. W. (Bill) Hendricks, a registered civil engineer of California who has 24 years of engineering experience, 14 of them in San Mateo County.

Hendricks, a resident of Redwood City, is a candidate for county engineer.

Declaring that he is not sponsored by any political group or ambitious political czar, Hendricks seeks the engineer's position because he knows the problems of San Mateo County and her incorporated cities.

As one of his major jobs, Hendricks while city engineer for Hillsborough aided construction of the sewage disposal plants for the cities of Burlingame and San Mateo.

He has been assistant county engineer for the past three years.

In his campaign, Hendricks has won the voluntary support of the Italian-American Citizens Club of South San Francisco; the American-Italian New Deal Club of San Mateo; Labor's Non-Partisan League, Workers Alliance, the Five Township Clubs, Daly City, and others, he states. All indorsements were reported to him to have been unanimous.

"Trained — competent — experienced" is Hendricks' campaign motto.

Magazine Praises Modernized System Put into Effect Here

The message of "streamlined administration," as effected in San Mateo County by Executive Ernest A. Rolison, is being carried throughout the Western states this month in an illustrated article in the "Western City," official magazine organ of the League of California Municipalities and other similar organiaztions in Arizona, Montana, Oregon, Utah and Washington.

Besides a picture of Mr. Rolison, this article carries three photographs showing the operations of the Hollerith machine and members of the new county service division, Director James Packwood and Miss Anona Sills and Bradley Smith.

The article states that during the past year County Executive Rolison has "inaugurated a simplified and centralized administrative procedure as a part of a program to overhaul those departments which are his responsibility as county executive."

"Ordinances are being adopted for each phase of the administration to insure continuance of prescribed procedure and to fix responsibilities," the article continues.

"In the new purchasing procedure," which, it is explained was the first ordinance adopted under the "streamlining program," the number of movements in a purchasing transaction—covering papers, signatures and movements between departments—was reduced from 60 to 25. Term contracts were entered into and purchasing was centralized under the county executive.

Operations of the newly established service division, "which performs those services for the several departments and offices of the county which can be more economically operated with central personnel and units of equipment," are detailed.

After listing the service division equipment—bookkeeping machines (Hollerith), mimeograph machine, ditto machine and mail meter and sealing devices—the work of the new department is listed as follows: "Road accounting and cost accounting; hospital accounting and cost accounting; relief home accounting and cost accounting; welfare accounting and statistics; health statistics; building inspection statistics and accounting; hospital payroll, etc."

"Alternative types of bookkeeping machines and procedures were studied with respect to cost of operation and capacity, and a tabulating type of bookkeeping machine was selected as the most economical for the county's problems.

"No one department could justify the $260 monthly rental expense. However, the expense is justified by its diverse use."

Efficiency of the equipment is paid tribute in the following words: "The efficiency of the new equipment is such that the work is gotten out much more accurately and faster, also the amount of cost accounting has been increased. The operators being transferred to the service division from other departments, personnel has not been increased as they have not been replaced."

Concluding the article is a brief summary of other features of the streamlining program, including reduction of mileage payments to county employes and the establishment of uniform methods of figuring auto mileage costs.

Wide Support Given Meyer

With the backing of more than 35,000 retail merchants in the seven counties of San Francisco, San Mateo, Santa Clara, San Benito, Santa Cruz, Monterey and San Luis Obispo, Supervisor Fred W. Meyer of San Francisco this week was declared to have taken the lead in the race for election to the State Board of Equalization in the First District.

Supervisor Meyer has filed his candidacy on the Republican, Democratic and Progressive tickets.

Supporting the candidacy of the San Francisco supervisor for the board of equalization are the following retail groups:

California Retail Grocers and Merchants Association, and its 23 affiliated locals; Southern California Retail Druggists Association, Northern California Retail Druggists Association, Allied Automotive Industries of California, Affiliated Cigar Stores of California, Tobacco Dealers of California, Northern California Retail Hardware Dealers Association, Southern California Retail Hardware Association, Food Research Council and Meat Dealers of California.

The ten merchants groups are making an intensive campaign for Supervisor Meyer.

"If elected to the Board of Equalization," Supervisor Meyer has said, "I shall oppose any amendment to the sales tax which will place a tax on foods and other necessities that the housewife must purchase as a matter of daily routine. I shall go even further than this and use every effort to bring about the removal of sales tax from food purchased in restaurants, hotels or boarding houses."

Supervisor Meyer stands pledged to the strict enforcement of existing liquor regulations and a complete cleanup of the liquor traffic by restricting the number of licenses issued. At the same time, he would eliminate the undesirables in the liquor business by the summary repeal of licenses held by such persons.

Due to the fact next Tuesday, primary election day, is a legal holiday, all banks and some other offices will be closed during the day.

'MY RECORD IN OFFICE' IS POINTED TO BY DR. M'GOVERN IN CORONER CAMPAIGN

Dr. J. C. McGovern, candidate for re-election to the office of coroner and public administrator, today reiterated his only campaign platform:

"My record in office."

Dr. McGovern is properly campaigning for re-election, it is explained, because at the last election for this office the result was: Dr. McGovern 11,714, William Crosby 8393.

In 1935, under the charter, the office became appointive and the appointee was Crosby.

Speaking of the appointment, the South San Francisco Enterprise said editorially at that time:

"On Monday of this week Crosby won public office when he replaced Dr. McGovern, not because the people wanted it, but because Dr. McGovern was traded out of his position. When a group of public officials go directly contrary to the expressed will of the people, as they have in this case, an explanation is due . . .

"Now that our Dr. McGovern has been traded out of his office, we express thanks to him for his excellent public record."

The 1938 primary is the first opportunity of the people to express their opinion of the 1935 "trade," Dr. McGovern's supporters point out, and they are hopeful that Dr. McGovern's record in office, his straightforward campaign on the basis of that record, and his refusal to engage in a negative election controversy will win for him on Aug. 30.

Integrity, Ability Held by Dr. Franklin

California voters have an opportunity to cast their ballots for a man of splendid ability, high integrity and fine common sense in Dr. Walter Scott Franklin, candidate for lieutenant governor at Tuesday's primary election.

Distinguished physician, for many years a member of the University of California medical faculty and more recently a successful citrus grower, Dr. Franklin has no need for public office, but he believes the office has need of him. He has financed his own campaign, is independent of all groups and special interests and is a candidate only because he is motivated by a desire to serve his native state in a most critical period, he avers.

Legislature Needs Speed, Efficiency

The California Legislature needs to be streamlined for greater speed, efficiency and economy, according to a statement made today by Sen. Jerrold L. Seawell, candidate for lieutenant governor.

This will be one of the first jobs to be undertaken by Senator Seawell if he is elected lieutenant governor.

The candidate states that he has consulted his colleagues in the senate and they are enthusiastic for his plan designed to enable them to give more intelligent consideration to the bills presented to them.

In discussing the need for improved procedure in the senate, Senator Seawell said:

"In my 10 years experience in the legislature, I have yet to see either the senate or assembly properly organized. Yet they have the right to such organization and, in the interests of better government, should take advantage of this right."

Be sure to attend the Tribune's big election party, where the results will be announced as they are received, starting at 8 p.m. next Tuesday.

Election returns will be gathered by the Tribune and an augmented staff next Tuesday. Plan to attend the Tribune's election party at the Tribune office, 30 California St., Redwood City.

Absentee Ballot List Closes Today

Today is the last day to file applications for absentee ballots for the August primary, according to County Clerk W. H. Augustus. Applications may be filed at the county clerk's office and the ballots may be voted at the same time, he states.

After today, absentee ballots must be voted before a notary public or city clerk, Augustus warned, and mailed to the clerk's office before Sept. 5.

All liquor stores must be closed next Tuesday, in accordance with state law, during the hours polls are open—6 a.m. to 7 p.m.—or at least must refrain during that time from selling intoxicating liquors.

'Question Bee' Held By Kiwanians Here

With James M. Eva, Sequoia teacher, as the "Professor Quiz" of the day, Redwood City Kiwanians yesterday enjoyed a program which consisted of a "spelling bee"—only the "spelling" took the form of answers to questions. Two teams were formed consisting of five Kiwanians each, and Eva propounded to them 60 questions he had formulated. Sam H. Winklebleck was chairman of the day.

RETAIN

HARRY B. RILEY

as STATE CONTROLLER

Born -- California -- 1888
City Clerk -- Two Terms
Member State Legislature -- Three Terms
Now -- State Controller

Primary Election
Tuesday, August 30

RILEY WINS WIDE SUPPORT FOR STATE CONTROLLERSHIP

Volunteers from every walk of life have flocked to the support of State Controller Harry B. Riley, who is seeking to be retained as chief fiscal officer of the state, said Charles A. Shurtleff beloved ex-Supreme Court Justice of California, in San Francisco as the primary election draws near.

"Mr. Riley's long and honorable career as a public servant has brought to his campaign leading bankers, insurance men, real estate heads, civic leaders, labor people, farms mechanics, small business men, professional leaders and representatives from almost every type of endeavor," continued Justice Shurtleff.

The duties of the State Controller's office require a man with executive ability and experience. Riley collects the gasoline, transportation license, insurance, petroleum and beverage taxes. He administers the inheritance tax, collecting taxes aggregating $60,000,000 a fiscal year.

The Controller is also a statistician, gathering data regarding state, county, municipal and district indebtedness, tax rates and many other facts.

It has been the duty of the Controller, ever since 1933, to sell registered warrants necessary to finance the general fund of the state.

Peninsulans Named For Publicity Work

The Gerth-Knollin advertising agency has been tentatively selected by the board of directors of San Francisco Peninsula Inc. to carry on the $50,000 campaign designed to advertise this area during the World's Fair.

The directors, at their meeting Monday in Burlingame, accepted the report of the advertising and finance committees to negotiate with the Gerth-Knollin agency, subject to the approval of the whole board of directors.

Both members of the firm have long been Peninsula residents. James C. Knollin has lived in Burlingame nine years; Edwin P. Gerth of Atherton, has lived there 12 years.

Other business handled by the directors included the unanimous election of L. Torrey of San Bruno to serve as director from that city.

Finnell Cites Law Record

Bush Finell in addressing the Burlingame women voters said in part:

"For many years I have been engaged in practicing my profession in the courts of California and other states, and in the United States' courts. It has always been, in these 35 years of practice, my earnest endeavor to earn and merit the respect of those with whom I have come in contact, the courts, the clients and the public in general.

"Recently, out of a clear sky, my opponents have sought to destroy this consolation by causing to appear in a periodical, published in San Francisco, an article reflecting on my character, both as an attorney and a good citizen.

"No one connected with my campaign will deviate from the determination to make this a clean contest. Were we to adopt such vindictive and cynical tacts, I would not be fit to receive your support, nor could you be served as you deserve to be served, by a mind free from petty prejudice.

"I might tell you of many facts calculated to further my aspirations, but I would be placing myself on the same level with those character assassins, and as such, would have no right to ask or receive your support."

MARSHALL HELD ENTITLED TO RETENTION ON RECORD

The incumbent county engineer, Urban S. Marshall, is confronted with two opponents, each making a powerful campaign and each with strong support.

But, applying the gauge of Marshall's record in office, his friends believe that he is entitled to election. He is not a good campaigner, in contrast to his opponent, but he is a good engineer, they point out, and has handled his office with efficiency and economy.

The office of engineer, under the charter setup, has become one of great importance because of the large amount of money given its incumbent to spend. Before the present charter, the supervisors controlled the money bags. They gave the engineer what they thought he needed and told him where and how to spend it.

CAREFUL WITH FUNDS

Today the engineer spends his own money. During the next year he will have more than half a million dollars in his purse, and only his conscience and the good of the people of San Mateo County to direct him how to spend it.

Engineer Marshall is canny about spending money. He likes to have something to show for it when it is spent. That half million dollars a year could build a powerful political machine in this county, if that were allowed. His friends think it a good idea to keep Marshall in office because they say he is a man who would prefer to spend it on roads and bridges and sewers.

Marshall has many years of engineering experience behind him, with the army and with the highway divisions of the several states, but his record here for the last three years is what he is asking election on next Tuesday.

MANY ACHIEVEMENTS

Besides his record here, however, Marshall has an impressive list of accomplishments to his credit:

He has been a resident of California 30 years; is a graduate civil engineer from the famed University of Missouri; was certified to the position of district engineer, California Highway Commission, as a result of a civil service examination, was certified and appointed to position of senior highway engineer, U. S. Bureau of Public Roads under which appointment he was assigned to the construction of roads and drainage, Camp Lewis, Wash., which assignment he completed, after which he was assigned to the charge of the district office, U. S. Bureau of Public Roads, State of Montana. He resigned this position after a year to take the position of assistant state engineer, Montana Highway Commission, which position he held four years.

Besides this highway experience, he designed and constructed sanitary sewer systems for the towns of Roseville, Colfax and Dixon, and water systems for Montague and Roseville.

He initiated and brought to final construction the reclamation of 82,000-acre Sutter Basin project; served as resident engineer, California Highway Commission on construction of Yolo causeway and state highways in Yolo County.

He was consulting engineer for contractors on construction of San Gabriel Dam No. 2, Los Angeles County, and numerous other engineering projects in California.

He was elected a member of the American Society of Civil Engineers in 1923.

Hatfield Gains Local Support

J. W. Coleberd, a member of the San Mateo County Hatfield-for-Governor Executive Committee, today reported a very definite swing toward the candidacy of Hatfield in the northern end of the county. Coleberd, as representative on the county executive committee, in charge of Hatfield activities in South San Francisco stated that Hatfield's progressive policy and his background of real pregressivism was winning him definite and enthusiastic support in the industrial town of South San Francisco.

C. H. Bessett of Burlingame, also a member of the executive committee reported great strength for Hatfield throughout Burlingame and San Mateo.

In the southern end of the county Dr. A. E. O'Neill reported an overwhelming sentiment for Hatfield.

Riggs, Hunt Named To Davis Cup Squad

NEW YORK, Aug. 24 (AP)—Don Budge, Bobby Riggs, Joe Hunt and Gene Mako yesterday were named to defend the Davis cup against Australia in the challenge round Sept. 3, 4 and 5 at the Germantown Cricket Club, Philadelphia.

It was a foregone conclusion that Budge, the world's best amateur tennis player, would be chosen for No. 1 singles duty and, with Mako, for doubles. It would have been virtually impossible to overlook Riggs, the chunky Chicagoan who is second in the nation's ranking list and has won 19 tournaments he has played in this year.

Horseshoe Play Advances With 2 Matches, Forfeits

Third night of play in the first round of the horseshoe tourney brought two forfeit victories, with T. L. Jordan and Hubert Hoenck winning matches in competition.

Ed and Floyd Gilmore advanced to the second round without lifting a shoe, the former winning when Dan Fairless, out of town, was unable to appear, and the latter moving up with E. Gallegos, absent because of work. Fairless sent a substitute but Gilmore refused to pitch against him.

Jordan walloped T. D. Hanlon 21-4, 21-8, and Hoenck did the same for George Hern, 21-3, 21-0.

Tonight C. Kane meets T. Lowe, Bob Love meets Louis Longwenus, George Marzlin meets J. McCandless, and McCann meets L. Oster, all at 7:30 at Hawes.

More than 80 per cent of our knowledge is gained through the eyes.

Hives Recalls Achievements

In connection with his candidacy for supervisor from the fifth township in the election next Tuesday, Councilman W. W. Hives of Burlingame, former mayor there, issued the following statement:

"To insure your happiness, to protect your lives and property, to economize with public money, and to give sound county management, you who want experienced public officials will appreciate my qualificaitons.

"You will find that strictly on my record as a public official, I have earned your support and vote.

"To take care of your interests, what you want are officials of proven ability and not vague promises. Regardless of how honest a candidate may be, or what his intentions are, if he is not experienced, there is little chance of his carrying out the obligations of the important office of supervisor, and such inexperience may cost you plenty of money.

"When I am elected, you can rely upon my experience as a public official to provide the benefits, prosperity and happiness that you expect."

Citizens Urged To Visit Polls

With the primary election only five days away, many of the candidates for public office who will be voted on next Tuesday, today in this issue of the Tribune, are telling of their qualifications and the reasons they have become candidates.

All join to a man in urging two things: (1) that all voters study each candidate, and (2) that every one who possibly can do so, vote next Tuesday.

AUTO THIEF SENTENCED

Arthur Morgan, found guilty of stealing an automobile in Redwood City, was sentenced to 90 days in the county jail by Judge Maxwell McNutt here. The jail term was a condition of a two-year probationary term. Morgan was given credit for 49 days already served.

U.S. MARSHALL

(INCUMBENT)

COUNTY

ENGINEER

. . . and let him continue the road, bridge and drainage program now so well under way.

KEEP BUSINESS EFFICIENCY IN THIS IMPORTANT OFFICE

Record of U. S. Marshall
County Engineer for 2½ years. Paved 60 miles of county roads. Replaced 7 wooden bridges with concrete structures. Built modern water and sewer systems for Memorial Park.

Projects of U. S. Marshall
Colma soil conservation project. Joint Menlo Park and South County sewage outfall and disposal project. Emerald Lake sewage system.

Office Seekers Tell Policies as They Seek Election

Byrnes Gains In Popularity

Roscoe F. Byrnes' popularity in the race for controller of San Mateo County is increasing by leaps and bounds, declare his friends.

They say that his forthright, direct appeal for support solely on his exceptional qualifications to do an efficient job has won him county-wide favor.

He attended University of California, was for many years with the California Highway Commission and 8 years with the San Mateo Feed and Fuel Co., first in charge of their accounts and later their vice president and general manager.

Byrnes' friends point out that the controller's office more than most county offices requires a specially trained man to run it in an efficient, up-to-date manner, and Byrnes, because of his years of experience in successful office management, is best qualified to give San Mateo County a business administration of the controller's office.

County Jail Inmates Win Right To Vote

Under a new ruling by the attorney general, inmates of the San Mateo County Jail who retain their citizenship may vote at the August primary, according to County Clerk W. H. Augustus. One such prisoner has already voted, he revealed, using an absentee ballot.

Augustus pointed out that prisoners who are awaiting trial, or who have been convicted of misdemeanors only, are privileged to vote if they have met the other requirements of citizenship.

24 YEARS OF SERVICE GIVEN BY EDWARD STACK TO COUNTY

Seeking re-election on his record in office is Edward M. Stack, veteran county official and present controller of San Mateo County. Stack is a resident of Burlingame

Stack, now finishing his 24th year in office, is recovered from an illness and looks forward to four more years of serving the residents of San Mateo County in the continued fearless, courageous and upright manner which has marked his tenure of office, he says.

Widely known throughout the county and in official circles of the state, Stack has been popular with voters since his election, first as county auditor and then as county controller, when the adoption of the charter changed the office name.

Inasmuch as the office of controller is mainly bookkeeping and accounting, being the auditing center for the county Stack asks voters to remember that an experienced man, one schooled in auditing and accounting should head this department.

Stack first went into the county auditor's office July 17, 1914, under the then auditor, W. H. Underhill. He served with him until 1916, when Mr. Underhill was succeeded by the late John J. Shields.

Stack continued as his deputy until Shields died, at which time Stack was appointed county auditor by the board of supervisors.

Since then, voters have twice returned Stack to office for four-year terms.

NEWS NOTES FROM PESCADERO

PICNIC ENJOYED

(Special to the Tribune)

PESCADERO, Aug. 24—Sunday the I. C. Steele ranch was the scene of a large picnic after the men came in from deer hunting. Those attending were Mr. and Mrs. I. C. Steele, Mr. and Mrs. Stanley Steele and daughter, Ruth Louise; Andy Olund, Mr. and Mrs. Ralph Woodman, Misses Jane and Sally Woodman, Misses Geraldine and Hilda Quadro, Mr. and Mrs. Douglas Goulson and son, Douglas; Mr. and Mrs. Earle Williamson and daughter, Patricia Ann; King Granger, Frank Huglin, Mr. and Mrs. Jay Payne and sons, Robert, Buddy and James Payne; Walter Matson, Charles F. Humphrey, Tony Silvera, Mr. and Mrs. Jay Steele, Mr. and Mrs. George Elliott, Donald Granger and Miss Gail Elliott.

Mr. and Mrs. Ernest Benner Sr. of Oakland and Mr. and Mrs. Ernest Benner Jr. of Lafayette spent the week-end with Mr. and Mrs. Douglas Goulson.

Mrs. Rollin Ray was honored at a surprise shower last Friday afternoon by Miss Harriett Williamson and Mrs. Earle Williamson. Thirty guests attended. The afternoon was spent in playing bingo. After Mrs. Ray opened her presents, sandwiches, cake and coffee were served.

Mrs. Alma Noonan has returned home after spending a couple of weeks in San Francisco with her daughter, Mrs. Carl Bianchi.

Mrs. W. Miramontes and Mrs. J. Hellwig of Half Moon Bay were Pescadero visitors yesterday.

Mrs. John Dubell has returned to Berkeley after spending a few days with her parents, Mr. and Mrs. Edward Weeks. Mr. Dubell came after her Sunday.

Mr. and Mrs. Max Reznick of San Francisco spent the week-end with Mr. and Mrs. F. G. Williamson.

Mr. and Mrs. Barney Kildare and children have moved to Half Moon Bay, where Mr. Kildare will be manager of an Associated Oil plant.

Mr. and Mrs. James A. Kellam have returned home after spending several days in San Francisco.

Judge and Mrs. Manuel Bettencourt, Mr. and Mrs. Manuel Francis and Joseph George of Half Moon Bay were Pescadero visitors yesterday.

Miss Betty Brazil of Tracy is spending several weeks with her grandparents, Mr. and Mrs. John Lewis.

Miss Bernice Espanola of Atwater is spending a few weeks with her aunt, Mrs. Minnie Purdy.

George Goularte spent last Thursday in San Mateo.

Mr. and Mrs. Joe Fontes of Brisbane spent Sunday with the Manuel S. Quadro family.

Mr. and Mrs. Milton Cavalli of Half Moon Bay were Pescadero visitors Monday.

Frank Goularte has returned after a several weeks' trip to Chicago.

Mr. and Mrs. Walter Moore and sons, Walter, Gordon and Francis, have returned home after a trip up the Redwood Hwy.

Mr. and Mrs. A. Olund of Mayfield and Mr. and Mrs. Milton Olund of Redwood City visited the I. C. Steele family Sunday morning.

Verne Pinkham of Thornton and Miss Norma Siegalkoff, Miss Wanda Lou Dierkes and Douglas Siegalkoff of Lodi visited Mr. Pinkham's relatives here Sunday.

Word has been received that Mr. and Mrs. Henry Thomas of San Francisco are the parents of a baby girl, Gay Carolanne, born Aug. 20. Mr. and Mrs. Thomas were formerly of Pescadero.

Mrs. M. V. Rodrigues left Saturday for San Jose to spend a week with her daughter, Mrs. Dan Singiani.

Dr. and Mrs. Frank Stanger and sons, Bobby and Richard, of Burlingame visited Mrs. Ida Steele Sunday. Dr. Stanger is an instructor in the San Mateo Junior College.

Miss Margie Swigert of Pescadero and Mrs. Robert Cowley of San Francisco left Sunday on a motor trip East. They plan to spend three weeks in Florence and Denver, Colo., and Preston, Ida., visiting relatives and friends.

Mrs. Albert Pomi, Mrs. Clara Morris and daughter, Irma, motored to Santa Clara last Thursday.

Lynch Points To His Record

A business-like administration for San Mateo County is promised by Jack A. Lynch if he is elected supervisor. This is his pledge as Lynch spurs his campaign for election from the Fifth (Burlingame) District. Voters throughout the county will vote on the supervisorial post.

Lynch is president of the Burlingame Chamber of Commerce, a past president of the Burlingame-San Mateo Kiwanis Club, a director of the Burlingame-San Mateo Merchants Association, and a director of San Francisco Peninsula Inc., newly formed advertising agency.

He is a tire distributor in Burlingame, a successful business man.

It is as a young, progressive and successful businessman that Lynch offers himself to the voters.

ANDERSON FINDS SUPPORT FOR HIS CANDIDACY ENCOURAGING

Declaring that the support given his candidacy for congress is both very gratifying and encouraging throughout the five counties of the Eighth District, John Z. (Jack) Anderson, San Juan rancher, today launched the final phase of his campaign with a report to his supporters.

Pointing out that agriculture had always been his business Anderson said, "Men who know nothing about farming or agricultural conditions here sit back in Washington and tell us what to do, when they themselves wouldn't last a year on a farm given them free of all encumberances."

It is the opportunity to do something about conditions that are not to his liking which influenced his decision to seek election to congress, Anderson stated.

"I find that people in San Mateo County, mostly commuters to the city, are deeply interested in what the farmers of this district are doing."

Since the start of the campaign he said that he had met thousands of voters of this district personally.

"Their reaction to the present situation is what leads me to say that the support given my candidacy is both gratifying and encouraging."

Expressing a lack of sympathy with professional politicians, Anderson declared that a representative should represent his district.

FORUM

DECLARES INJUSTICE DONE TO U. S. MARSHALL

EDITOR: My attention has been drawn to the injustice done to U. S Marshall, county engineer. I noticed in the Redwood City Tribune a letter referring to the highway to La Honda, that is at present under construction.

I would like to correct the statement made "that the road was in a dangerous condition and intimated that this was due to the county engineer."

This road is not in a dangerous condition and any sane or sober person will have no difficulty in automobiling over it. For people who like to cut the corners off the curves and take their half out of the middle, no road is safe.

Give Mr. Marshall, who is running for re-election, a square deal, he has always given the people he has served this. He is honest without a question and is for the taxpayers.

COUNTY CONTROLLER
Efficient
Faithful
Fearless

24 YEARS' SERVICE TO THE COUNTY:

"It has been my privilege to have served the citizens of San Mateo County, first as a deputy in the Auditor's office, and then as head of that county department, since 1914.

"I was appointed as one of his deputies on July 17, 1914, by the then auditor, Mr. W. H. Underhill. I served under Mr. Underhill until 1916, when he was succeeded by the late Mr. John J. Shields.

"I continued as Mr. Shield's chief deputy up until the date of his death, at which time I was appointed county auditor by the San Mateo County Board of Supervisors.

"Since then the voters of San Mateo County have elected me to that office for two consecutive terms of four years each.

"During the political turmoil and strife that attended the inauguration of our county charter, the Auditor's office was changed to that of the Controller's office and became the most important cog in our county governmental machinery.

"Upon my office rested the responsibility for making many highly important rulings relative to governmental expenditures. I think that my record speaks for itself in that respect, for at all times I have striven to conduct the office of Controller with an eye for economy, efficiency, and common sense.

"And I can truthfully say without fear of contradiction that I have always been guided by what the law prescribes in the operation of my department toward the highest element of efficiency.

"I close this statement with the sincere hope that citizens of San Mateo County will do me the honor of returning me to the office in which I have been privileged to serve them these many years, and in which, if given the opportunity, I will continue to serve them to the very best of my ability."

The efficiency of his office and his excellent reputation for integrity and straight-forwardness warrants your support.

Grant Cites Experience

M. A. Grant, candidate for county engineer at the election next Tuesday, has had 25 years of engineering experience.

Grant, a graduate of the College of Civil Engineering of the University of California, at present is engaged in the engineering and contracting business with Ernest Hoffman under the firm name of Grant & Hoffman with headquarters in Redwood City. He has been affiliated with the firm for four years, but for the four years prior thereto, he was deputy engineer and road superintendent under former County Engineer James S. James, whose support he has won in the current campaign. He is not sponsored by any organization or individual, however.

One of Grant's construction jobs in a previous position involved the locating of La Honda Rd. from Woodside to the Coastside. This was from 1914-16, when he was chief of party on location and construction for the old San Mateo County Highway Commission.

Other experience includes two years at Redding as chief of party on location with the California Highway Commission; 10 years as engineer and superintendent on highway construction for J. P. Holland, contractor; a year as Captain of Engineers in the U. S. Army; two years as engineer on subdividing, sewers, pavements, etc., for the City of Redwood City, and a year as assistant engineer on construction for Monterey County.

Recreation Study By Lions Progresses

Redwood City Lions Club committeemen who have been making a study of means of aiding Redwood City's recreation program reported last night at the club meeting that they would have their survey completed by the club's next business meeting Sept. 6. On the committee are O. S. Oleson and P. A. Bygdnes. They are studying feasibility of proposing construction of a recreation center, swimming pool or other facilities. The club also last night discussed means of increasing traffic safety in the city, referring to the traffic committee several plans to help the junior force which guides traffic at local schools.

SLOT MACHINES DESTROYED

Members of a grand jury committee yesterday inspected the San Mateo County Jail and paused long enough to supervise destruction of 15 slot machines confiscated by the sheriff's office in the past 45 days. Total amount recovered from the machines, Sheriff James J. McGrath said, was $167.24, which will be turned over to the county treasurer.

Next Tuesday, election day, will be a legal holiday in California.

ment of San Mateo County is such a business.

"The incumbent, Al Sagehorn, who made the business of finance his life's vocation, does not only have the necessary foundation, but the practical knowledge through years of experience in the banking field. This has been demonstrated in the three years he has served the county by the discharge of his duties in an efficient and competent manner.

"In private business you would not displace a successful man of proven ability. Efficiency in government calls for business principles."

MANAGER RACE OF INTEREST
★ ★ ★
CANDIDATES' HISTORY TOLD

As San Mateo County's political campaign went into its final phase today, chief interest appeared to be centered, as it has for the past several weeks, in the contest for county manager.

Ernest A. Rolison, the incumbent, is opposed by Frederick Peterson. One will be elected outright at the primary election next Tuesday.

ROLISON, a native of Sutter County, California, is 51 years of age. His record shows that he has been a "career man" in the field of public management.

From 1916 to 1926, Rolison served as city manager and city engineer of Redding. For a year in 1926-27, he was city manager of Santa Barbara. Then for two years he was a consulting engineer with offices in the Mills Building, San Francisco, before coming to Redwood City as manager July 1, 1929.

He served in that capacity until Dec. 1, 1935, when he was selected by Morris L. Cooke, administrator, to become principal engineer for the Rural Electrification Administration in Washington, D. C., one of President Roosevelt's New Deal agencies.

He resigned from that position to become budget director for San Mateo County Mar. 15, 1937, then became county manager June 1, 1937, serving till now.

Rolison belongs to the International City Managers Association and American Society of Civil Engineers. He is a state registered civil engineer. He has been a continuous resident of San Mateo County for nine years.

Rolison is married and lives in Redwood City, where he owns his own home.

This is Rolison's first experience in running for public office, all of his positions having been appointive.

PETERSON, a native of Germany, will be 60 years of age next Oct. 15.

Before the World War he was in the army transport service. On May 28, 1917, he accepted appointment as a captain in the quartermaster reserve, and on the following June 12 was assigned to active duty.

He was honorably discharged in the quartermaster reserve Sept. 16, 1919, and appointed a major in the quartermaster reserve on Mar. 8, 1920. He was promoted to a lieutenant colonel Mar. 14, 1930. His appointment was terminated on Mar. 3, 1935.

After the war Peterson came to Burlingame, where he engaged in the florist business until 1933.

During this time he ran, unsuccessfully, in 1928 for county supervisor. In the same year, however, he was elected to the Burlingame City Council, serving four years until he was defeated for re-election in 1931. He then was elected, in 1932, to the state assembly. He served in the assembly for two 2-year terms, leaving there to run, unsuccessfully, in 1936 for U. S. Congress.

At the present time Peterson is a member of the California Golden Gate International Exposition Commission, appointed to the post by Governor Merriam.

Peterson is married and lives in Burlingame, where he owns his own home.

NEWS NOTES FROM LA HONDA

LEAVES FOR WASHINGTON

(Special to the Tribune)

LA HONDA, Aug. 24—Maurice S. Woodhams left Tuesday for Washington, D. C. He expects to return in six weeks or two months.

Mrs. Archie Woodhams and Mrs. George Nolan attended the joint installation of the Ano Neuvo Parlor of Pescadero and Vista Del Mar Parlor of Half Moon Bay and the Seaside Parlor of the Native Sons. Mrs. Woodhams was installed as president of Ano Nuevo. Refreshments and entertainment were provided.

Mr. and Mrs. Theodore Kusel and daughter, Miss Diane Virginia, spent a few days in San Francisco with Mrs. Ara Tagge, aunt of Mr. Kusel, who has been visiting friends and relatives in the South for the past month. After spending a short time in San Francisco, Mrs. Tagge will return to her home in Des Moines, Iowa.

Mr. and Mrs. Nino Pepetone of Oakland were hosts at a birthday party given at Pioneer Camp recently in honor of their son, Robert.

Mrs. Cal Swanson and son, Gregg, have returned to their San Francisco home after spending the past two months here at their new Summer home, "Tall Cottage."

Mrs. Bert Feliz and son of Oakland are spending two weeks here at the home of Mr. and Mrs. Jack Billisback.

Robert Fochetti of San Francisco has just returned from a few days' vacation at Yosemite. He will make his home with his grandparents, Mr. and Mrs. Stone, at Bellvale and attend Pescadero High School.

Mr. and Mrs. Bert Frazier and daughter, Miss Mildred, and Mr. and Mrs. Gene Ehret of Berkeley were guests of Mr. and Mrs. James Allen Sunday.

Mr. and Mrs. Mark Ryan Jr. and son, Mark III, and Mrs. Mary Brazil of Redwood City were recent dinner guests at the home of Mr. and Mrs. Isadore Brazil.

Mrs. Margaret Watts and nieces, Misses Mary and Margaret Reid, left last Thursday for their home in Woodland after having spent the past two months here as the guests of Mr. and Mrs. George Nolan.

Mr. and Mrs. Nicholas Gallegos are spending their vacation here as the guests of Mrs. Josie Moore, mother of Mrs. Gallegos.

Mr. and Mrs. Andy Wyman of San Francisco were hosts at a dinner given here Sunday at the home of Charles Wyman in honor of the 16th birthday of their daughter, Miss Frances. Twenty guests attended.

Mr. and Mrs. John Harrington and sons, John Jr. and Donald, and daughter, Miss Patricia, and Miss Lucille Atkinson, sister of Mrs. Harrington, of San Francisco are spending a week here at the Summer home of Mr. and Mrs. Lee Macaire.

Miss Betty Zanoni has returned to her home here after spending a few days in San Mateo as the guest of Miss Lenore Thomson.

Mr. and Mrs. Angelo Squaglia and baby of San Francisco spent Sunday here as the guests of Mr. and Mrs. John Gabrielle. Mr. Gabrielle is Mr. Squaglia's uncle.

Mr. and Mrs. Ernest Casassa were hosts at a dinner given at their Summer home Sunday. Guests included their son-in-law and daughter and granddaughter; Mrs. Allamand and son, Frank, of San Francisco; August James and Armand Zanoni of La Honda.

Mrs. James Allen and daughter, Miss Beatrice, and Mrs. Archie Woodhams and son, Buddy, spent Monday in San Jose.

Mr. and Mrs. Peter of San Francisco spent last week-end at their Summer home in Cuesta La Honda.

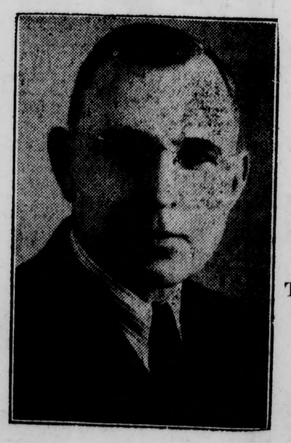

Mrs. Isadore Brazil was hostess at a luncheon given at her home Sunday. Guests included Mrs. Antone Brazil and daughters, Misses La Verne and Antonette; Mrs. M. Brazil and daughter, Miss Mildred; Miss Margaret Cardoza and Edmon Violotti.

Mr. and Mrs. Walter Wilson and friends from San Francisco are spending a few days here at the Wilson Summer home. The Wilsons will leave soon for a trip north.

Your Own Investigation
will prove to you the desperate need for a change in the Controller's office.

Elect
ROSCOE F. BYRNES

CONTROLLER
—of—
San Mateo County

Not a politician
but a
Trained business man for
a business job

Years of experience in
office management.

Your Own Investigation
will prove to you that
ROSCOE F. BYRNES
Is the Best Qualified for the Controller's Office

No Opponents For Officials

While there are dozens of candidates who are in contests for county, district and state offices at next Tuesday's elections, several incumbents in San Mateo County found no opposition when filing time closed this year.

Nevertheless, their friends urge a large vote for these officeholders just to be sure that no unexpected write-in campaign unseats them.

Among those who are running uncontested in the current campaign are:

Justice of the Peace Edward I. McAuliffe of Redwood City, who serves the Third Township, which includes the area from Redwood City south. Judge McAuliffe has never had opposition for his office. He also is police judge of Redwood City.

County Clerk William H. Augustus, who was appointed a few months ago to succeed the late Elmore B. Hinman. Augustus had been Mr. Hinman's chief deputy; hence was well-qualified for the position. He was appointed unanimously by the supervisors.

Supervisor Fred E. Beer of San Carlos, who represents the Second (San Mateo, Belmont, San Carlos) Township. He is completing four years in office.

Sheriff James J .McGrath, popular sheriff, who has held office for 11 years, having been twice re-elected.

Dist. Atty. Gilbert D. Ferrell, who is completing his first term in office.

REFORMS IN CONTROLLER'S OFFICE PROMISED BY TOM KANE IF CHOSEN

Tom Kane, one of the county's most popular men, has promised sweeping reforms in the county controller's office in event he is elected.

Kane pledged up-to-the-minute efficiency by use of modern bookkeeping machinery, accuracy, and faithful guardianship of the public funds over which the controller must watch.

Kane, who has a wife and four children, has lived in San Mateo County for 18 years and in Redwood City for 12. Kane is former manager of the Sequoia Theater in Redwood City.

GILMORE CASE DELAYED

Petition of Ladymay Gilmore, Hillsborough socialite for an order restraining her husband, Don, from disturbing community property and to force him to show cause why he should not pay $600 for her separate support, has been continued one month by Judge Raglan Tuttle of Nevada County. Judge Tuttle is sitting for Judge A. R. Cotton.

M. A. GRANT

A LETTER
by
James S. James

FIFTY-TWO THOUSAND REGISTERED VOTERS in San Mateo County will have but little opportunity to learn the relative qualifications of MORE THAN ONE HUNDRED CANDIDATES to be voted upon in the coming Primary Election, August 30th.

Most voters sincerely want "GOOD GOVERNMENT." Practically all candidates promise "GOOD GOVERNMENT." Few are qualified to deliver. HOW WILL YOU CHOOSE?

I am not a candidate for any office. When my term as County Supervisor expires, I am returning to private life. However, I expect to continue my interest in the Government of San Mateo County and in the election of qualified officials.

As some of you know I, among others, have sponsored the candidacy of **M. A. GRANT** for **COUNTY ENGINEER.** I have done so because I know he is fully qualified for the job. He served under me as Deputy Engineer and Superintendent of the County Road Department during my four year term as County Engineer. Few men know him better than I do.

MR. GRANT knows the County Road System and its needs. He built up a loyal, efficient and economical Road Organization. **HE CAN DO IT AGAIN.**

M. A. GRANT is qualified by his known ability as a Highway Construction Engineer. He is known as one of the best Road Maintenance men in the State. Road Maintenance is where your gas tax moneys can be conserved under a proper maintenance program—or it can be thrown away.

M. A. GRANT received his technical training at the University of California, College of Engineering. He is a Registered Civil Engineer with a background of 25 years' practical experience. He received his early training with the State Highway Department. He helped build the bond issue roads of San Mateo County during 1914, 1915, and 1916. For a period of ten years he was Engineer and Superintendent of Construction for one of the large general contractors in San Francisco. He was Superintendent of our County Road Department from 1930 to 1934. Since 1935 **MR. GRANT** has been associated with the firm "GRANT AND HOFFMANN," general contractors.

M. A. GRANT is **SHORT** in stature but **LONG** in qualifications that make a **SUCCESSFUL ENGINEER** —the chief one of which is **HONESTY.**

M. A. GRANT is short on **PROMISES** but one hundred per cent on **PERFORMANCE.**

Being short on promises **M. A. GRANT** will be obligated only to the **PEOPLE OF SAN MATEO COUNTY.**

"GOOD GOVERNMENT IS PROVIDED BY MEN— NOT LAWS"

It is the writer's humble opinion that:

M. A. GRANT
is the man for
COUNTY ENGINEER

Redwood City, California,
August 16, 1938.
Respectfuly submitted,

James S. James.

James S. James.
